

Comprehensive Admissions Counseling for the 2020–2021 Application Cycle

In this service, we strategize your every move and make your strongest case for medical school admission. Tackle every component of your primary and secondary applications with the candid consulting and unwavering support of both a highly experienced Healthcare Admissions Counselor and a trained Admissions Support Coach in the year prior to applying and then throughout your admissions cycle.

Price: \$4,100 USD

✓ Primary application

✓ Secondary application

✓ Interview preparation

✓ Additional application support

Personal Support

- Work with a veteran admissions counselor with experience advising thousands of pre-healthcare professionals, and a dedicated admissions support coach
- Get urgent questions answered quickly with unlimited messaging to your admissions counselor and support coach through your confidential student dashboard

Exclusive Admissions Resources

- Access extensive resources available only to our admissions counseling students! Includes insider tips to get you noticed—and accepted—via outstanding personal statements, experiences, secondary essays, and interviews

Primary Application Support

- Detailed, expert consulting on your entire primary application—from start to finish
- Thorough review of your entire candidacy, including coursework, GPA, MCAT scores, clinical, research, and volunteer experiences, and more
- Expert guidance on what healthcare professional schools are *really* looking for in your personal statement and experiences
- 3 detailed rounds of revision of your personal statement by your counseling team
- 3 in-depth rounds to compile and refine your list of 15 experiences, including how to select and draft the 3 “most meaningful” ones
- Expert input on school selection and letters of recommendation with the aim of maximizing your chances of acceptance

Secondary Applications and Interview Preparation

- Assistance with essay development and one round of detailed revision for up to 8 secondary applications
 - Interview coaching, support, and feedback prior to your first interview (both traditional and MMI interview formats)
- Review of post-interview “thank you” notes

Additional Application Support

- Feedback on letters of intent and continued interest
- Assistance with final school selection, waitlists, and—where applicable—strategizing a plan B, including a gap year, post-baccalaureate and master’s programs, reapplication, and more
- Celebrating your acceptances!
